Before getting down to business,I would like to tell you that,it took me some time to write this ebook,and this is completely free and guaranteed way to make **\$30-50** per day method.But,you are free to share this ebook.

Let's begin.Please follow all steps as it is written in this ebook.

1. Sign up for [CpaLead](#) ([click here](#)) **Note**:Signing up under this link will help you to be approved immediately,think about it,if you sign up directly,they can reject you and it will be pain,probably they will not approve you again.

**Note**: You will need website/blog when you sign up,because they want to know you have basic marketing knowledge.If you havent one and don't know how to make a website/blog in order to be approved,contact me using email address below.

2. Okay,now you have Cpalead account and it is ready to be used to make cash.

3. Now you must choose a niche.There are two niches which I use and make \$30-50 per day autopilot.But I will show you only one.

### **Niche - Facebook Mafia Wars**

4. Go to GoDaddy or whatever domain provider site and register keyword rich .info domain name. If you can't.just register at blogspot,weebly ,etc (e.g mafiawars.blogspot.com)

Ok,you wonder,how to choose keyword rich domai name? Let me show you.

a)Go and Register at [SeoBook](#),it is free

b) Then,go to this url <http://tools.seobook.com/keyword-tools/seobook/>

c) Type Mafia Wars and you will get all search results,(Google.Yahoo.Bing)

d)Choose the keyword,which has below 500.000 competing pages

e) Register it at your favourite domain provider, .info is the best (for example: <http://mafia-wars-cheats-energy-pack.info/> )

5. If you have hosting account, add your new domain name, create one splash page, and one download page, use <http://mafia-wars-cheats-energy-pack.info/> for example

6. Add Cpalead gateway to the download page. When adding disable all offers (for USA and UK) below \$5, you will mostly get Usa and Uk visitors.

7. Now go to Facebook.com and register a new account, you can use [CyberGhost](#) or [UltraVPN](#) to change your IP address, they are free and better than proxy servers, but remember you will need to use VPN each time you enter to Facebook.

8. When registering at Facebook, choose girl name and surname, choose names and surnames from [here](#), then pick real looking girl picture, you can get one from [TinyPic](#). Then write something on your profile, make it look like attractive and sexy, (for example: I am julia, 19 years old, I am very attractive and sexy and would like to have a ... with cool guys, waiting for your messages)

9. Now your FaceBook account is ready, it is time to gain friends, with the method I am going to show you, you will get at least 500 friends every day, go to FaceBook home page, type "Mafia wars" without quotes on the search bar, then click Groups at the left bar, you will get the list of the huge mafia wars groups. You just need enter each group and post "Add me, Level 365" etc, and you will be surprised how many people will add you as friend, you just need to confirm them, Do it 4-5 times for each group.

10. Add your website link to your profile and group (when it is ready)

11. After 4-5 days, when you have approximately 2000+ friends, you are ready to create a group. Go to Facebook Groups, click "Create a Group" (e.g. Mafia Wars Free GodFather Point Daily), click this [example group](#), look through this example group and copy it.

12. As soon as you create your group, share your group and invite all of your friends. Your new group will grow, and reach 1000 members in several days, but remember to share your group with "share button" many times every day. Also bookmark your Group using <http://socialposter.com/>. After it reaches 1,000 members, it will go viral.

13. After your group has 1000+ members, it is time to send mass messages, remember you can send mass messages, if you have group members 5000 and below

Message example:

***Hey, thank you for joining my group, I want you to know that I downloaded the mafia wars ebook from ([www.your-url.info](http://www.your-url.info)) and managed to grow my mafia wars up to 5000 members within 24 hours, also there is an unlimited energy pack and other working cheats.***

***Download it***
